AREAS OF EXPERTISE

Data Analytics, Computer Vision, Software Engineering, Artificial Intelligence.

PROFILE

Computer Engineering student and certified Computer Technician with a proven ability to architect end-to-end software systems. Passionate about leveraging Python for data analytics and computer vision, particularly in sports applications. Eager to apply this combined expertise in software engineering and data science to contribute to innovative research and development projects.

ACADEMIC BACKGROUND

Degree	Field of Study	Institution	Country	Date
B.Sc. in Computer Engineering	Computer Engineering	Universidad Autónoma de San Luis Potosí	San Luis Potosí, México	Aug 2024 – Dec 2028 (Expected)
Technical Diploma	Computer Science	Instituto Salesiano Carlos Gómez	San Luis Potosí, México	Aug 2021 – Jun 2024

B.Sc. in Computer Engineering: Relevant Coursework: Object-Oriented Programming, Graphical Interfaces with Applications, Database Systems, Algorithms and Complexity, Probability and Statistics (In Progress).

Technical Diploma: Relevant Coursework: Network Administration, Data Center Management, IT Systems Maintenance.

ACADEMIC, RESEARCH AND INDUSTRIAL EXPERIENCE

Position	Organization	Department	Period
Co-Founder & Software Developer	TEZCOR	Software Development	Jan 2026 - Present

- **Spearheaded** the end-to-end development of TezcorPass, a B2B school attendance management platform, directing the project lifecycle from conceptualization to deliver a functional SaaS solution for educational institutions.
- **Architected and implemented** the full-stack system and corporate landing pages using Next.js, Prisma, and PostgreSQL, establishing a scalable digital infrastructure and a strong online presence for the agency.

KEY PROJECTS

TezcorPass: Automated School Attendance System | Project Lead & Full-Stack Developer

Jan 2026 – Sep 2026

- **Engineered** an automated student attendance tracking system integrating QR code scanning to streamline daily check-ins for K-12 educational institutions.
- **Implemented** a real-time notification engine using messaging APIs to instantly alert parents of student arrivals and departures, enhancing school security and operational efficiency.

Soccer Match Data Analytics & Visualization Tool | Data Analyst & Developer

Mar 2026 – Present

- **Developed** a sports analytics pipeline using Python and Pandas to process, clean, and categorize in-game events such as successful and failed passes, shots, and dribbles.
- **Generated** comprehensive data visualizations, including heatmaps and statistical tables, to evaluate player performance metrics and tactical effectiveness.

Assistive Wearable Device for the Visually Impaired | Lead Developer & Hardware Engineer

Jan 2024 – May 2024

- **Designed and programmed** a microcontroller-based wearable assistive device (Arduino) using C to aid visually impaired individuals with spatial awareness.
- **Integrated** proximity sensors to detect head-level obstacles, triggering automated auditory alerts based on programmable distance thresholds.

DESCRIPTION OF ACTIVITIES AT THE ACADEMIC INSTITUTIONS

Dissertation

- "The Role and Impact of Cloud Computing in Modern Technological Applications," High School Thesis, Instituto Salesiano Carlos Gómez, 2023.

Other Relevant Activities

- **Attendee, CONISOFT (International Conference on Software Engineering), 2025.** Participated in academic sessions and lectures regarding current trends in software development and engineering practices.
- **Endurance Sports & Extracurriculars:** Dedicated long-distance runner currently completing an intensive 3-month training program for a Half Marathon (September 2026). This pursuit demonstrates strong personal discipline, resilience, and highly effective time-management skills alongside academic responsibilities.

TECHNICAL SKILLS

- **Programming Languages:** Python, Java, C#, C, SQL, HTML/CSS, JavaScript
- **Frameworks & Tools:** Next.js, Pandas, Node.js, Prisma, PostgreSQL, Git/GitHub, VS Code, Figma, Arduino, Oracle VirtualBox & UTM (Virtualization).
- **Languages:** Spanish (Native), English (Advanced).
